

iOS HELP SCREEN

SETTING PREFERENCES

There are a few preferences we recommend setting to maximize the use and efficiency of Video Connect. To set preferences select Settings from the left of your screen.

PREFERENCES CONT...

Auto Login	
User Name	kcopley.2.symbility@symbility
Password	●●●●●●●●

Preferred Codecs	
Voice	Low bit rate (GSM) >
Subject Audio	Disabled >
Audio Efficiency	Lower latency >

GENERAL PREFERENCES

Enable Auto Login saves time by saving your credentials and automatically logging you in.

AUDIO PREFERENCES

Voice – Set to Low bit rate (GSM) this will consume little bandwidth to help performance.

Subject Audio – Set to Disabled

Audio Efficiency – Set to Lower latency
